## Description

The Foscarini Aplomb was created 2010 by the two designers Pevere and Lucidi. This version of the pendant light consists of an elongated multi-canopy (ceiling part) with a length of 135 cm. There can be hung up to four lamps from the canopy, which can be shoved also forth and back at any time on the canopy. Since the number of lamps can be varied, the Aplomb with multiple canopy is suitable for private and commercial use. There are available different surfaces. The light of the pendant lights is discharged directly downwards.
