Description

The Byok Nastro is an extraordinary pendant lamp. It convinces through a design which is simple and brilliant at the same time. The Nastro has singly ground aluminium profiles. The shape of this lamp is individually designable due to its joints, very similar to a folding rule.

Thus a straight shape is easily turned into a lighting which illuminates the room in a circular way or in a zigzag shape. Apart from the Nastro pendant lamp, Byok offers table lamps of this collection also convincing through their functionality.
