

Byok

Piani Mono 165 Downlight

Oberfläche

- Aluminum polished
- matt aluminum
- matt black

Leuchte

- height adjustable
- height can be set

Technical details

Country of Manufacture	 Germany
Manufacturer	Byok
Designer	Kai Byok
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	230 - 240 Volt
material	aluminum
cable length	300 cm
dimming	on site dimmable with a trailing edge dimmer
LED	inclusive
Colour Rendering Index	>90
Color temperature in Kelvin	2,700 extra warm white
bulb exchange	at the manufacturer / at the factory
system performance	10 x 3.6 Watt
Total luminous flux in lm	3,060
Dimensions	H 1 cm B 5 cm L 165 cm

Description

The Byok Piani Mono 165 Downlight is a pendant lamp. The lamp body of the Piani Mono 165 Downlight is milled out of massive aluminum and polished or eloxated by hand afterwards. Ten LEDs are dazzle-free installed due to reflector technics and they may be exchanged singly.

Three surfaces are on offer: aluminum matt, aluminum polished or black matt. This pendant lamp is offered height-determinable (the cables can be set to the desired length during assembly) or height-adjustable (the total height can also be adjusted after assembly). The integrated LEDs can be **dimmed on site with a trailing edge phase dimmer**. On request, they are also available with gesture control and Dim2Warm technology. With gesture control, the light is dimmed by holding the hand flat under the lamp. With Dim2Warm technology, the light takes on a warmer colour when dimmed. When dimmed, the light colour of the LEDs changes from 2,700 Kelvin extra warm white to 2,100 Kelvin extra warm white. The dimming range is between 0 and 100 percent.
