

Foscarini

Bahia Parete

Version

- DALI dimmable
- not dimmable

Technical details

Country of Manufacture	 Italy
Manufacturer	Foscarini
Designer	Lucidi & Pevero
Year of design	2010
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
Depth in cm	10
material	polycarbonate
surface	white
Wattage	43 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	5,240
Color temperature in Kelvin	2,850 warm white
Dimensions	H 76 cm B 70 cm

Description

The Bahia Parete is a white pendant lamp by Foscarini. It is composed of three superimposed plates made of matt white polycarbonate. These are produced by injection molding and have a different shape and size. The largest plate which serves as a wall bracket has a height of 76 cm with a width of 70 cm and a depth of 10 cm. Depending on requirements, the light can be hanged the other way round.

The light of Bahia Parete is discharged reflected back to the wall and also diffusely into the room. The front plate of the wall lamp appears darker than the others because it itself does not transmit light to the front.

The lamp is available both as non-dimmable version and as a DALI dimmable version. In both versions, an LED is integrated as the light source.
