<b>voltage suitability</b>	110 - 240 Volt
<b>material</b>	acrylic glass, glass, opal glass
<b>dimming</b>	dimnable on site

### Description

This Serien Lighting Annex Halogen ceiling light has a clear, mouth-blown glass shade and a reflector made of opal acrylic glass. The light is emitted directly downwards and through the opal reflector also homogeneously scattered to the side. Only a small part of the light is also emitted upwards.

The Annex Ceiling Halogen is available in three sizes: Small with 14 cm diameter, Medium with 22 cm diameter and Large with 27.5 cm diameter. Depending on the size, the lamp has different sockets for halogen bulbs. If dimmable lamps are used, the lamp is also dimmable.

In addition to this ceiling lamp, lamps with other reflectors from the Annex series are also available. These have a different light distribution. In addition, the Annex Ceiling is also available with an integrated LED.
