>90

Color temperature in Kelvin

2,700 extra warm white

bulb exchange

at the manufacturer / at the factory

system performance

12 x 3.6 Watt

Total luminous flux in lm

3,670

Dimensions

H 1 cm | B 5 cm | L 195 cm

Description

The Byok Piani Mono 195 is a pendant lamp for nearly every living area. It is part of the Piani collection designed by Byok. The unusual shape is only 1 cm thin.

The pendant lamp is on offer as height-determinable (with shortenable cables) or as height-adjustable (the height can be changed anytime). These surfaces are available: aluminum polished, aluminum matt or black matt. The integrated LEDs can be **dimmed on site with a trailing edge phase dimmer**. On request, they are also available with gesture control and Dim2Warm technology. With gesture control, the light is dimmed by holding the hand flat under the lamp. With Dim2Warm technology, the light takes on a warmer colour when dimmed. When dimmed, the light colour of the LEDs changes from 2,700 Kelvin extra warm white to 2,100 Kelvin extra warm white. The dimming range is between 0 and 100 percent. In addition, the lamp is also available on request as a version that can be dimmed by smartphone/tablet via Bluetooth.
