### Description

The Max. Floor was designed in 2015 by Ingo Maurer and his team. The floor lamp is equipped at the base with a ball joint that allows both stepless tilting and rotating the lamp. The reflector can be pivoted via a handle in all directions. In addition, the lamp arm can be adjusted by approximately 30 cm in height. By a dimmer on the supply line with slider control, the built-in LED can be continuously dimmed. Two colours are offered for the shade.
