### Description

The Luceplan Costanza Floor Telescopic dimmer is dimmable as well as height-adjustable. The lamp shade and the frame are available in different versions. The light has a telescopic rod and can thus be adjusted in height between 120 cm and 160 cm. The sensor dimmer on the lamp socket must be touched only slightly to dim the floor lamp in four brightness levels. The Costanza Terra Telescopic dimmer was created 1986 by Paolo Rizzatto.
