

Ingo Maurer

Blow Me Up by canopy 120 cm

Technical details

Country of Manufacture Germany Manufacturer Ingo Maurer Designer Theo Möller **Designer 2** Ingo Maurer Year of design 2017 protection IP20

Scope of delivery LED

voltage suitability 110 - 240 Volt

Diameter in cm 14

cable color transparent 300 cm cable length

height adjustment height adjustable dimming gesture control 20 W

Wattage inclusive **Colour Rendering Index** >90 Luminous flux in Im 1,300

Color temperature in Kelvin 3,000 warm white bulb exchange on site itself light distribution indirectly

Dimensions L 120 cm | Ø 14 cm

Description

This Blow Me Up by Ingo Maurer is connected via a canopy and used as a pendant lamp. The lamp is inflated via a hand pump and has a length of 120 cm. An adjustment ring is integrated on both cables for the suspension, with which the suspension can be individually adjusted. The lamp can be suspended in this way horizontally or diagonally. The upper side is silver, the lower side white.

The integrated LED in the lamp illuminates the reflective side, so that indirect light is emitted into the room. With a sensor switch on one side of the LED, the Ingo Maurer Blow Me Up can be switched on and off as well as dimmed by means of gesture control. The integrated LED has a power of 20 watts and a colour temperature of 3,000 Kelvin warm white. In addition to this pendant lamp, also a 180 cm long version is available. The lamp is also in both lengths offered as a floor or wall lamp, which is connected via a power plug.
