## **Description**

The Anglepoise Original 1227 Pendant is a pendant lamp with a steel lamp shade. The lamp shade has a diameter of 14 cm and a height of 16 cm. The light is emitted directly downwards. The lamp shade was designed in the 1930s by industrial designer George Carwardine for the first Anglepoise desk lamps. This pendant lamp is available in linen white and dove grey. The lamp shade is glossy lacquered on every surface. The steel canopy has the matching surface to the lamp shade. It is 6 cm high and has a diameter of 10 cm. The cable has a length of 150 cm and can be shortened if necessary. Compact fluorescent lamps or LED retrofit lamps can be used for this lamp.
