

Anglepoise

Original 1227 Brass Lamp with Wall Bracket

Oberfläche

- black
- grey

Technical details

Country of Manufacture	 United Kingdom
Manufacturer	Anglepoise
Designer	George Carwardine
Year of design	2014
protection	IP20
Scope of delivery	LED 230 Volt
voltage suitability	110 - 240 Volt
Projection in cm	88
material	aluminum, brass, cast Iron, Textile
cable length	200 cm
dimming	dimmable on site
socket/light fixture	E27
switchability	on the lead
Power (max. Watt)	20 Watt
LED	inclusive
Shade diameter	16 cm
Shade height	14 cm
bulb exchange	on site itself
light distribution	directly
Dimensions	H 55 cm

Description

The Anglepoise Original 1227 Brass Lamp with Wall Bracket is a wall lamp with brass elements. Both the shade cap as well as the bridle of the lamp shade and the fittings of this lamp are made of brass. The lamp shade and the lamp arms are made of aluminum. Thanks to tension spring technology, the lamp arms can be readjusted again and again. This technology ensures also that they remain in any set position. The light shade can be rotated and tilted. Industrial designer George Carwardine developed the proven tension spring technology for the first Anglepoise desk lamps. The Original 1227 Brass Lamp with Wall Bracket is available in elephant grey and jet black. In the selected surface are the lamp shade, the lamp arm as well as the wall bracket. The steel lamp shade has a glossy paint finish. The wall mounted lamp has an on/off switch on the supply line. LED retrofit or compact fluorescent lamps are suitable as light sources.
