cable length	300 cm
Colour Rendering Index	90
Color temperature in Kelvin	3,000 warm white
system performance	14
Total luminous flux in lm	1,524
light distribution	directly

Description

When installed, the six lamps of the Stilnovo 2Nights P6 can be suspended at different or the same height to each other. In this way, it is possible to adjust the lighting individually. The six cylindrical lamp heads are made of aluminum and are available in four versions:

- Version 1: Lamp heads white
- Version 2: Lamp heads black
- Version 3: Lamp heads rose gold
- Version 4: Lamp heads gold
