

Marset

Ginger A XL 42

Oberfläche

- oak
- Wenge

Version

- wall connection
- with plug lead

Technical details

Country of Manufacture	 Spain
Manufacturer	Marset
Designer	Joan Gaspar
Year of design	2015
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
Projection in cm	132
material	aluminum, carbon fiber, metal, wood
cable color	black
Wattage	13 W
LED	inclusive
Colour Rendering Index	90
Luminous flux in lm	2,130
Color temperature in Kelvin	2,700 extra warm white
light distribution	indirectly

Description

The Marset Ginger A XL 42 is a wall lamp with a lamp arm that can be extended from a minimum of 94.5 cm to a maximum of 120 cm. The lamp arm can also be swivelled at an angle of 180 degrees. In addition, the lamp shade, which is suspended from the lamp arm, can be adjusted in the suspension height: from a minimum of 13 cm to a maximum of 55 cm. The lamp shade is available in wenge or oak. The inside of the shade is white in both versions. The wall light is also on offer in two versions: with a plug lead or for direct connection with wall mounting. The version with plug lead can be regulated via a 3-step dimmer on the lead, while the wall-mounted version can be dimmed on site. A recessed lamp version is also available on request. The light is directed by an LED below the shade upwards onto the shade and then reflected into the room.
