Description

The Marset Soho 57 LED has a round lamp shade. The shade is centrifugally cast from polyethylene. Thanks to a white-opal diffuser, the light emitted directly downwards is evenly distributed and glare-free. The pendant lamp is available in white, black and stone grey. Its lamp shade is 30.5 cm and has a diameter of 57 cm. The suspension cables can be shortened if required. The canopy has a diameter of 11 cm and a height of 4.5 cm. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated as a light source. The lamp is also available with 3,000 Kelvin warm white on request.
