Description

The Decor Walther Slim 1-24 N LED is a mirror plug-in lamp with a width of 24 cm. It is suitable for mirrors with a maximum thickness of 6 mm. Thanks to the IP44 protection class, it can also be used in bathrooms as it is protected against splashing water from all directions and against solid foreign bodies with a diameter of at least 1 mm. The Slim 1-24 N LED is made of metal and is available in chrome, black matt, white matt or satin nickel finish. The clip-on mirror light is used for direct and indirect lighting. A diffuser made of satinised acrylic glass enables glare-free emission and even distribution of light in both directions.
