### Description

The Vistosi Phoenix can be individually suspended in its total height during assembly. With the three supplied ceiling hooks, the pendant light can also be mounted independently of the power outlet. The efficient LED light source completely surrounds the lamp and emits its light downwards and upwards, creating a ring-shaped light effect on the underside of the pendant. The LED has a colour temperature of 2,700 Kelvin extra warm white. The Phoenix is offered in four versions:

- Version 1: Glass crystal, ring black
- Version 2: Glass crystal, ring copper
- Version 3: Glass smoke, ring black
- Version 4: Glass smoke, ring copper
