Description

The Vistosi Riflesso SP 1 pendant lamp has a lamp shade made of mouthblown crystal glass. The crystal glass is handcrafted and available in amber or crystal transparent. The canopy is delivered in the same surface as the metal elements on the lamp shade. For the metal elements, the surfaces brass gold satined and copper satined are on offer. The Riflesso SP 1 has a diameter of 36 cm and a height of 45 cm. It emits its light glare-free into the room. The integrated LED has a colour temperature of 2,700 Kelvin extra warm white. On request, it is also available with a colour temperature of 3,000 Kelvin warm white. If necessary, the cable can be shortened. With the supplied ceiling hook, the pendant lamp can also be mounted independently of the power outlet.
