Description

The Holtkötter Plano B is a height-adjustable floor lamp with a double-jointed arm. It is adjustable in height between 95 cm and 140 cm. The mechanism for this is integrated in the light rod and therefore invisible. The lamp head can be swivelled variably and can also be aligned via the double-jointed lamp arm. A replaceable LED with a colour temperature of 2,700 Kelvin extra warm white is integrated. A push button dimmer is integrated in the light rod. A memory function saves the last brightness level set and selects it again when switched on again. The Plano B floor lamp from Holtkötter is made of high-quality metal and is available in black, matt aluminum, anodised brass and platinum.
