## One Piece 6 LED

### Oberfläche

- bronze
- grey-metallic
- white

### Technical details

<b>Country of Manufacture</b>	 Germany
<b>Manufacturer</b>	Mawa
<b>Designer</b>	Martin Wallroth
<b>Protection class / IP rating</b>	IP20
<b>Contents of the package</b>	LED
<b>voltage suitability</b>	230 - 240 Volt
<b>Depth in cm</b>	15
<b>material</b>	aluminum, Borosilicate glass
<b>dimming</b>	dimmable with a trailing edge dimmer and with a leading edge dimmer
<b>Wattage</b>	24 W
<b>LED</b>	replaced by professional
<b>Colour Rendering Index</b>	>90
<b>Luminous flux in lm</b>	1,533
<b>Color temperature in Kelvin</b>	2,700 extra warm white
<b>light distribution</b>	indirectly
<b>Dimensions</b>	H 4 cm   B 20 cm

### Description

The Mawa One Piece 6 LED is a wall lamp that emits its light upwards to the ceiling and the wall behind it. The ceiling illumination reaches evenly and deeply into the room. A cover made of borosilicate glass is integrated on the lamp, which ensures a soft light gradient. The ceiling floodlight is made from a single piece of aluminum using the folding technique. It is available in white matt, dark bronze and DB702 grey metallic surfaces. All surfaces are powder-coated. As standard, the One Piece 6 LED wall light has a colour temperature of 2700 Kelvin extra warm white. On request, it is also available with 3000 Kelvin warm white or 4000 Kelvin white. The wall lamp is dimmable on site with a leading edge or trailing edge phase dimmer. On request, it is also supplied as DALI dimmable version. The One Piece 6 LED is 14.5 cm deep and 20 cm wide.
