## Description

The Cini & Nils Assolo 70 floor lamp emits its light indirectly. An LED on the inside of the lamp emits the light in such a way that it is reflected from the inside into the room. The lamp consists of a ring with a diameter of 70 cm and is available in white, black and gold matt. The lamp base has a diameter of 17.5 cm. The Assolo 70 floor lamp has an integrated LED with a colour temperature of 2,800 Kelvin warm white. The lamp can be regulated via a dimmer on the supply line.
