Technical details

Country of Manufacture	 Germany
Manufacturer	Serien Lighting
Designer	Jean Marc da Costa
Year of design	2020
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	110 - 240 Volt
material	aluminum
dimming	Push button dimmer on the lamp base
Wattage	50 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	6,040
Color temperature in Kelvin	Tunable White
bulb exchange	on site itself
Dimensions	H 195 cm B 30 cm L 30 cm

Description

The Serien Lighting Reflex2 Floor M has a height of 195 cm. It has a width and length of 30 cm. The floor lamp is available with a black or white coated surface. The floor lamp is regulated via a push button dimmer at the lamp base. With the **Tunable White technology**, the light can also be controlled via this push button dimmer from incandescent warm to cool white. This allows the colour temperature to be adjusted from 2,200 Kelvin extra warm white to 4,000 Kelvin white. If necessary, the cable can be wound up under the lamp base.
