

Bover

Hardy

Oberfläche

- chrome
- gold
- white

Technical details

Country of Manufacture	 Spain
Manufacturer	Bover
Designer	Oscar & Sergi Devesa
Year of design	2013
protection	IP20
Scope of delivery	Leuchtmittel/ Bulb
voltage suitability	110 - 240 Volt
material	Borosilicate glass, brass, Iron
cable color	transparent
height adjustment	height determinable
dimming	dimmable on site
socket/light fixture	GU10
Wattage	8 W
canopy dimensions	7 cm
Shade diameter	7 cm
Shade height	31 cm
bulb exchange	on site itself
total height	200 cm

Description

The lampshade of the Hardy pendant lamp by the Spanish manufacturer Bover has two concentric cylinders, an outer and an inner one. The inner cylinder contains the exchangeable GU10 LED light source and is made of metal. The outer cylinder of Bover Hardy is made of transparent borosilicate glass. This pendant lamp emits its light directly downwards. The metal cylinders of this lamp are available with a painted surface in gold or white or with a chrome alloy. The canopy with a diameter of 7 cm is in the same surface as the inner cylinder. The Bover Hardy pendant lamp has a transparent cable which can be shortened if necessary. Suspended in combination to several lights, the Bover Hardy pendant light can create a practical lighting in the living-dining area or in the gastronomy.
