

Knapstein

SVEA-L60

Version

- gold
- nickel
- bronze
- black

Technical details

Country of Manufacture	 Germany
Manufacturer	Knapstein
Designer	Knapstein
Year of design	2019
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	230 - 240 Volt
Diameter in cm	60
material	metal
Height adjustment	height adjustable
dimming	gesture control
Wattage	50 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	5,559
Color temperature in Kelvin	2,700 extra warm white
canopy dimensions	30 cm
bulb exchange	at the manufacturer / at the factory
total height	70 - 170 cm
Dimensions	H 3.4 cm Ø 60 cm

Description

The Knapstein SVEA-L60 is a pendant lamp with a diameter of 60 cm. It emits its light simultaneously upwards and downwards. Its uplight and downlight can be switched and dimmed separately. The sensor area for gesture control is located on the top and bottom of the lamp. The light can be switched on or off with a wiping hand movement in the sensor area. The lamp is dimmed continuously by holding the hand in the sensor area for a longer period of time. A memory function saves the luminous intensity last set and automatically selects it the next time it is switched on.

The SVEA-L60 by Knapstein is available with a matt nickel, black, bronze effect or gold-coloured matt lacquer finish. The total height of the lamp can be adjusted between 70 cm and 170 cm by lifting or pulling the lamp. This pendant light is also suitable for sloping ceilings. There are no visible screws on the ceiling canopy, as the canopy is held in place by magnets. Besides this pendant lamp, the height-adjustable Svea-L40 with a diameter of 40 cm is also offered. From the SVEA lighting series, pendant lamps with height determination by means of stop sleeves on the ceiling canopy are also available. These lamps are offered with a diameter of 40 cm, 60 cm or 80 cm. The SVEA is also available in other lengths or finishes on request.
