

Knapstein

DORA-T

Oberfläche

- nickel
- black

Technical details

Country of Manufacture	 Germany
Manufacturer	Knapstein
Designer	Knapstein
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
Projection in cm	55
material	brass, glass
dimming	Push button dimmer on the lamp base
Wattage	7 W
LED	inclusive
Colour Rendering Index	>85
Luminous flux in lm	1,190
Color temperature in Kelvin	3,000 warm white
lamp stand dimensions	length 18, width 15 cm
bulb exchange	at the manufacturer / at the factory
Dimensions	H max. 70 cm

Description

The Knapstein DORA-T is a table lamp with a rotating and tilting lamp head. A swivel joint is integrated at the base of the lamp. The lamp can also be tilted at will via a joint on the lamp arm. The DORA-T is available in black and matt nickel. An LED with a colour temperature of 2,900 Kelvin warm white is integrated into the lamp head. The table lamp can be switched and dimmed via a push button dimmer at the base of the lamp. A memory function saves the last light intensity setting and automatically sets it again the next time the lamp is switched on. In the event of a power failure, the lamp switches on automatically if it was previously switched on. It remains switched off if it was previously switched off.
