Description

The Foscarini Spokes 3 pendant lamp has a diameter of 61 cm and a height of 42 cm. Its lamp shade consists of thin metal spokes made of round steel tubes, which are vertically fixed. The light is emitted directly downwards by the pendant lamp. At the same time the lamp is also illuminated, creating a play of light and shadow on the lamp shade. The Spokes 3 is operated with two LEDs. The electrical supply line is transparent and not visible from the outside, as it runs along a spoke in the lamp shade. The pendant lamp is available in white, copper, graphite, black and gold. It is available in a non-dimmable and a DALI dimmable version. The DALI dimmable version can also be dimmed with Push. In addition, the pendant lamp is also offered as a MyLight lamp, which can be dimmed with the Casambi App via Bluetooth using a smartphone or tablet. The cable has a maximum length of 340 cm and can be shortened if necessary. On request, the Spokes 3 is also available with a longer cable.
