

Holtkoetter

Aura S Glass

Oberfläche

- aluminum
- brass
- platinum
- black

Glas

- amber
- cognac
- smoke grey
- opal
- opal matt

Technical details

Country of Manufacture	 Germany
Manufacturer	Holtkoetter
Designer	Holtkötter
Year of design	2020
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	110 - 240 Volt
Projection in cm	38
material	glass, metal
Height adjustment	height adjustable
dimming	Push button dimmer at the light rod
Wattage	16.6 W
LED	inclusive
Colour Rendering Index	>95
Luminous flux in lm	1,660
Color temperature in Kelvin	Dim to warm
Reflector diameter	9 cm
lamp stand dimensions	25 cm
bulb exchange	at the manufacturer / at the factory
Dimensions	H 120 - 150 cm

Description

The Holtkötter Aura S Glass is a floor lamp with a reflector with a mouth-blown glass. Each glass is made in traditional craftsmanship and is unique. The lamp is available with a glass in opal matt pleated, opal matt, amber, cognac or smoke grey. In addition, the floor lamp is offered in the surfaces brass anodised, black, platinum and aluminum matt. The reflector can be aligned as desired. Thanks to the glass, light is emitted glare-free directly and laterally through the reflector into the room. Depending on the glass selected, the light emitted laterally is coloured.

The Aura S glass can be adjusted in height between 120 cm and 150 cm. The lamp is infinitely dimmable via the push button dimmer on the light rod. When dimming, the used Dim-to-warm technology changes the light colour of the integrated LED to a warmer tone (from 2,900 Kelvin warm white to 1,800 Kelvin extra warm white). A memory function saves the last light intensity setting and automatically adjusts it the next time the light is switched on. The series also includes the Aura S with a metal reflector.
