

Knapstein

NELE-T

Oberfläche

- brass
- nickel

Technical details

Country of Manufacture	 Germany
Manufacturer	Knapstein
Designer	Knapstein
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
Projection in cm	60
material	brass
dimming	Push button dimmer on the lamp base
LED	inclusive
Colour Rendering Index	>90
Color temperature in Kelvin	2,700 extra warm white
lamp stand dimensions	17 cm
light head dimensions	14 cm
bulb exchange	at the manufacturer / at the factory
system performance	4 x 4.5 Watt
Total luminous flux in lm	1,852
Dimensions	H 50 cm

Description

The Knapstein NELE-T is a table lamp with a swivel and tilt joint on the lamp head. This means that the lamp head can be realigned at any time. In addition, the lamp can be swivelled and rotated as required via joints on the lamp arm and base. The maximum projection of the lamp is 60 cm. The NELE-T from Knapstein is available in matt brass, and matt nickel-plated surfaces. The table lamp can be switched and dimmed via a push button dimmer on the base of the lamp. With a memory function, the last set light intensity is saved and automatically set again the next time the lamp is switched on. In the event of a power failure, the lamp switches on automatically if it was previously switched on. It remains switched off if it was previously switched off. This function is suitable for use with switchable sockets. Four LEDs with a colour temperature of 2,700 Kelvin extra warm white each are included.
