Technical details

Country of Manufacture	 Germany
Manufacturer	less'n'more
Designer	less'n'more
Protection class / IP rating	IP43
Contents of the package	LED
voltage suitability	230 - 240 Volt
material	aluminum, glass, porcelain
beam angle	25 - 100 degrees
dimming	on site dimmable with a trailing edge dimmer
LED	inclusive
Colour Rendering Index	90
Color temperature in Kelvin	2,700 extra warm white
canopy dimensions	13 cm, height 14 cm
light head dimensions	7 cm
bulb exchange	on site itself
system performance	6 x 4.8 Watt
Total luminous flux in lm	3,600
Dimensions	H max. 107 cm

Description

The Less'n'more Athene Ceiling Light 6 A-6DL has six arms that can be flexibly bent and rotated. This allows the light to be redirected again and again. With a maximum extension of the lamp arms, the lamp has a height of 107 cm. The flexible lamp arms are available for the Athene porcelain chandelier in eight colours: aluminum, textile black, green, anthracite, red, blue, white and brown.

The aluminum lamp heads are offered in the colours aluminum and black. The canopy is made of white glossy porcelain. It has a diameter of 13 cm and a height of 14 cm. With each lamp head of the Athene Ceiling Light 6 A-6DL, the beam angle of the light can be adjusted between 25 and 100 degrees. For this purpose, only the glass lens has to be turned out of or back into the head. With a larger beam angle, the light is distributed over a larger area.

Each lamp head is operated with an integrated LED with a colour temperature of 2,700 Kelvin extra warm white. The chandelier can be regulated on site with a trailing edge phase dimmer. On request, the Athene Ceiling Light 6 A-6DL is also available with DALI, 1-10 Volt or Push dimmable. The lamp arms are also available in different colours on request. Additionally to this Athene ceiling lamp with six lamp arms, there is also offered a lamp with three lamp arms.

The versions with aluminum lamp heads are not as shown in the pictures, but are supplied with lamp heads in aluminum (see pictures with flexible arms in red).
