Technical details

Country of Manufacture	 Germany
Manufacturer	less'n'more
Designer	less'n'more
protection	IP43
Scope of delivery	LED
voltage suitability	110 - 240 Volt
material	aluminum, concrete, glass
beam angle	25 - 100 degrees
lamp base	concrete white
cable color	black
cable length	200 cm
dimming	Push button dimmer at the light rod
Wattage	4.8 W
LED	inclusive
Colour Rendering Index	90
Luminous flux in lm	600
Color temperature in Kelvin	2,700 extra warm white
lamp stand dimensions	23 cm
light head dimensions	7 cm
bulb exchange	on site itself
Dimensions	H max. 152 cm

Description

The Less'n'more Athene Concrete Floor Light White A-BSL has a white concrete base. The lamp can be tilted by 20 degrees via a ball joint on the lamp base. Besides this floor lamp, Less'n'more also offers a lamp with a grey concrete lamp base.

The Less'n'more Athene Concrete Floor Lamp White A-BSL has a flexible lamp arm that can be turned and bent as desired. With a maximum projection of the lamp arm, the lamp has a height of 152 cm. The flexible lamp arm is available in these colours: aluminum, textile black, white, anthracite, blue, green, red and brown. To adjust the beam angle of the light between 25 and 100 degrees, only the glass lens has to be turned out of or into the lamp head. With a larger beam angle, the light is distributed over a larger area. The Athene concrete floor lamp can be switched and dimmed via a push button on the lamp rod.

The aluminum lamp head and rod are available in the following surfaces: aluminum, black or white. The base of the Athene Concrete floor lamp has a diameter of 23 cm and a cable reel. Due to the natural composition of the material for the base, the finishes may vary, i.e. be darker or lighter. In addition to the conventional power supply, the floor lamp can also be operated via a USB connection. A cordless version with rechargeable battery, the Athene Concrete Battery Lamp A-ABSL, is also offered from the series. On request, the Athene lamp is also available with special colours for the flexible lamp arm or with a black lamp base.
