Technical details

| | |
|-----------------------------|---|
| Country of Manufacture |  Germany |
| Manufacturer | less'n'more |
| Designer | less'n'more |
| protection | IP43 |
| Scope of delivery | LED |
| voltage suitability | 110 - 240 Volt |
| material | aluminum, concrete, glass |
| beam angle | 25 - 100 degrees |
| lamp base | concrete grey |
| dimming | Push button dimmer at the light rod |
| Wattage | 4.8 W |
| LED | inclusive |
| Colour Rendering Index | 90 |
| Luminous flux in lm | 600 |
| Color temperature in Kelvin | 2,700 extra warm white |
| lamp stand dimensions | 23 cm |
| light head dimensions | 7 cm |
| bulb exchange | on site itself |
| Dimensions | H max. 152 cm |

Description

The Less'n'more Athene Concrete Battery Light Grey A-ABSL is a cordless floor lamp with a rechargeable battery. The lamp can be recharged via the supplied USB cable. The battery lasts for at least eight and a half hours. This Athene floor lamp is offered with a grey concrete base. From the series, a lamp with a white concrete lamp base is also available, the Athene Concrete Battery Light White A-ABSL. The floor lamp can be tilted by 20 degrees via a ball joint on the lamp base.

The Athene Concrete Battery Lamp Grey A-ABSL has a flexible lamp arm that can be turned and bent as desired. At maximum extension of the lamp arm, the floor lamp is 152 cm high. The flexible arm is available in the following colours: aluminum, textile black, white, anthracite, blue, green, red and brown. The beam angle of the light can be adjusted between 25 and 100 degrees by turning the glass lens out of or into the lamp head. With a larger beam angle, the light is distributed over a larger area.

Lamp head and rod are made of aluminum and are offered in the following surfaces: aluminum and black. The base of the Athene concrete floor lamp has a diameter of 23 cm. Due to the natural composition of the material for the base, the surfaces may vary, i.e. be darker or lighter. The Athene Beton Battery Lamp can be switched and dimmed via a button on the lamp rod. The lamp is also offered with a conventional plug cable: Athene Concrete Floor Light A-BSL.
