Description

The Grupa IIi IIi Wall Lamp is a wall lamp with a lamp arm that can be rotated by 135 degrees. Its lamp shade can be swivelled by 125 degrees and has a diameter of 18.5 cm. The IIi IIi Wall Lamp can be mounted via an included supply cable or directly to a wall connection. An on/off switch is integrated on the wall mount. The wall lamp is made of aluminum and steel. It is available in five matt powder-coated surfaces: white, black, grey, green and blue. The removeable supply cable has the matching colour to the lamp in each case. The Grupa wall lamp is also available in other finishes on request. The E27 socket is suitable for halogen lamps or LED retrofit bulbs.
