

Bomma

Dark & Bright Star Small

Glasfarbe

- brown
- white

Aufhängung

- brass
- anthracite

Technical details

Country of Manufacture	 Czechia
Manufacturer	Bomma
Designer	Dechem Studio
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
Diameter in cm	10
material	crystal glass, metal
cable color	transparent
cable length	250 cm
height adjustment	height determinable
socket/light fixture	G4
Power (max. Watt)	1.2 Watt
LED	inclusive
canopy dimensions	6 cm
bulb exchange	on site itself
Dimensions	H 15 cm Ø 10 cm

Description

The Bomma Dark & Bright Star Small has a mouth-blown glass with a diameter of 10 cm. Each glass is made individually from mouth-blown crystal glass and is therefore unique, so small bubbles or irregularities in the glass may occur. The concentric circles on one side of the lamp create numerous light and shadow effects on the glass when switched on.

The Dark & Bright Star Small is available in the glass colours white and cigar brown. The white glasses are made of clear glass with an opaque sand cut, the cigar brown glasses are completely coloured. Each glass is finished by hand, so colour intensity and tone may vary. The suspension of the lamp is offered in brushed brass or anthracite. The canopy has the matching colour to the suspension in each case. The cable with a maximum length of 250 cm can be shortened if necessary; special lengths for the cable are also available on request. The lamp has a G4 socket that is operated with a replaceable LED retrofit. Bomma also offers the Dark & Bright Star with a diameter of 15 cm as a Large version or as a chandelier with up to 26 lamps on a canopy.
