### Description

The Mawa Pure mini table lamp LED has an adjustable lamp head with which the light can always be redirected. The lamp head can be rotated 360 degrees and swivelled 90 degrees with a practical, chrome-plated handle. The Pure mini table lamp LED is available in the surfaces black matt, white matt, sand silver and basalt grey matt. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated as illuminant. The lamp can be switched and dimmed via a push button dimmer in the upper part of the lamp rod. Briefly pressing the push button dimmer switches the light on or off. A longer press dims the light continuously. A memory function saves the last set light intensity and automatically sets it again the next time the lamp is switched on.
