

Bomma

Pebbles Pendant Small Configuration 1-2

Version

- 1
- 2

Technical details

Country of Manufacture	 Czechia
Manufacturer	Bomma
Designer	Boris Klimek
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
Diameter in cm	30
material	crystal glass, metal, Textile
cable color	black
cable length	250 cm
height adjustment	height determinable
dimming	on site dimmable with a trailing edge dimmer
Wattage	17.9 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	2,680
Color temperature in Kelvin	2,700 extra warm white
canopy dimensions	27 cm
Dimensions	H 79 cm Ø 30 cm

Description

This Bomma Pebbles Pendant Small consists of three differently shaped glasses. The bottom glass of this pendant lamp is always black. In version 1, the top glass is black and the middle glass is red. In version 2, the top glass is red and the middle glass is green.

If desired, the three glasses of the lamp can also be arranged in a different order. Each glass is made individually from mouth-blown crystal glass. Any small bubbles or irregularities in the glass are characteristics of traditional, handcrafted glassblowing. During the production process, clear crystal glass is mixed with coloured glass so that the glass colour is particularly durable. Each glass is individually hand-worked, so the colour intensity and tone can vary.

The metal suspension of the pendant lamp is powder-coated in matt black. The cable has a maximum length of 250 cm and can be shortened if necessary. Special lengths for the cable are also available on request. The integrated LED has a colour temperature of 2,700 Kelvin extra warm white. The Pebbles pendant lamp is also available from Bomma in other colour and shape combinations of the glasses. A lamp with any glass combination can also be created on request.
