

LDM

Santo Gala Grande

Version

- aluminum
- bronze
- black
- silver
- white

Technical details

Country of Manufacture	 Germany
Manufacturer	LDM
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
material	aluminum
beam angle	124 degrees
dimming	separately switch- and dimmable by 2 sensor dimmers
LED	inclusive
Colour Rendering Index	>95
Color temperature in Kelvin	2,850 warm white
bulb exchange	at the manufacturer / at the factory
system performance	4 x 14.5 Watt
Total luminous flux in lm	2,400
total height	115 cm
Dimensions	L 240 cm

Description

The LDM Santo Gala Grande is a pendant lamp with a length of 240 cm. Four LEDs are integrated next to each other in the lamp, which emit most of their light directly downwards. Via two sensor dimmers, the two left and the two right LEDs can be switched and dimmed in pairs without touching. A wiping hand movement in the respective sensor area switches two LEDs on or off. To dim the light of two LEDs, the hand is held in the sensor area for a longer period of time.

The Santo Gala Grande is made of aluminum and is available in polished aluminium, silver metallic, bronze, black and white matt. All surfaces except polished aluminum are powder-coated. The lamp is suspended from the ceiling by two cables, two power connections are required on the ceiling. The LDM pendant lamp has a total height of 115 cm, special cable lengths are also available on request.
