LARAwood Ceiling Lamp M

Oberfläche

- walnut
- Black oak
- White oak

Technical details

Scope of delivery

Country of Manufacture Germany
Manufacturer Domus
Year of design 2012
protection IP20

voltage suitability 230 - 240 Volt

Diameter in cm 43

material acrylic glass, aluminum, wood

dimming on site dimmable with a trailing edge

LED

dimmer

Wattage 25 W
LED inclusive
Colour Rendering Index >92
Luminous flux in Im 3,100

Color temperature in

Kelvin 2,700 extra warm white

Dimensions H 13 cm | Ø 43 cm

Description

The successful combination of high-quality materials and uncomplicated design allows for use of the Domus LARAwood Ceiling Lamp M in project, office and private areas. The light-intensive LED ceiling lamp, whose ring-shaped lampshade seems to float on the ceiling due to a thumb-width distance, also provides ceiling illumination thanks to its open construction. The diffuser, which is deliberately placed high, makes the material used inside directly tangible and ensures an optimal diffusion of the light. The LARAwood Ceiling Lamp M by the German manufacturer Domus has a diameter of 43 cm and is 13 cm high. This dimmable ceiling light is equipped with an LED module with a power of 25 watts and a luminous flux of 3100 lumens. The light of the integrated LED is characterised by a very good colour rendering with a high colour rendering index of Ra > 92. This LED ceiling light is available in walnut, black oak and white oak finishes.
