## Pendant Lamp 40x10x900

### Oberfläche

- aluminum
- stainless Steel
- black
- black brown

### Farbtemperatur in Kelvin

- 2,700 extra warm white
- 4,000 white

### Technical details

<b>Country of Manufacture</b>	 Germany
<b>Manufacturer</b>	Gera Leuchten
<b>protection</b>	IP20
<b>Scope of delivery</b>	LED
<b>voltage suitability</b>	230 - 240 Volt
<b>material</b>	aluminum
<b>height adjustment</b>	height determinable
<b>dimming</b>	sensor dimmer
<b>Wattage</b>	17 W
<b>LED</b>	inclusive
<b>Luminous flux in lm</b>	1,260
<b>bulb exchange</b>	on site itself
<b>total height</b>	20 - 250 cm
<b>Dimensions</b>	H 1 cm   B 4 cm   L 90 cm

### Description

The pendant lamp 40x10x900 by the German manufacturer Gera is operated with an integrated LED. This LED pendant lamp is available in the finishes aluminium-coloured, stainless steel-coloured and black. The pendant lamp made of aluminium is 90 cm long, 4 cm wide and only 1 cm high. This elongated LED pendant lamp has a 58 cm long, 3.4 cm wide and 3.4 cm high rectangular ceiling suspension. The lamp connection is located directly at the connection terminal. The lamp is optionally available with a colour temperature of 2,700 Kelvin extra warm white and 4,000 Kelvin white. This LED lamp with rectangular cross-section emits its light brightly and glare-free downwards. The LED low-voltage technology used in this lamp allows "cable-free" suspension from fine, current-conducting steel cables. The Gera Leuchten pendant lamp 40x10x900 is adjustable in total height from 20 cm to 250 cm. The LED pendant lamp can be switched and dimmed touch-free via an integrated sensor dimmer. If required, the integrated LED can be changed by the user himself. The Gera Leuchten pendant lamp 40x10x900 is also available in other lengths and as a version that can be switched and dimmed by remote control. On request, the lamp can also be supplied in special lengths up to a maximum length of 4 metres.
