

B.Lux

C_Ball W 2L

Oberfläche

- brass
- black

Technical details

Country of Manufacture	 Spain
Manufacturer	B.Lux
Designer	Stone Designs
Year of design	2015
Protection class / IP rating	IP20
Contents of the package	Leuchtmittel/Bulb
voltage suitability	230 - 240 Volt
Depth in cm	20
material	metal, opal glass
Base / Socket	E14
LED	inclusive
system performance	1 x E14 12 Watt (max.) + 1 x LED 4.5 Watt
Wall mount dimensions	Height 27 cm, width 19 cm, depth 3 cm
Dimensions	H 27 cm B 19 cm

Description

The B.Lux C_Ball W 2L is a wall lamp with a ball made of opal glass, through which the light is emitted homogeneously and gently into the room. As an additional light source, the wall lamp has a swivelling lamp head that can be realigned at any time. The mounting ring of the opal glass ball and the wall bracket are both made of metal. These metal parts are available in the surfaces brass satin and black matt. The ball made of opal glass has a diameter of 15 cm. Including the wall mounting, the lamp is 19.5 cm deep. The wall mounting or the lamp itself is 19 cm wide and 27 cm high.

The swivelling lamp head of the C_Ball W 2L is operated with an integrated LED with a colour temperature of 3,000 Kelvin warm white. The E14 socket inside the opal glass ball is suitable for replaceable LED retrofits or compact fluorescent lamps. On request, a version is also available that can be dimmed with a Casambi module by smartphone via Bluetooth. This version with Casambi module can be operated easily and intuitively via mobile devices with the free CASAMBI app (iOS and Android). Casambi thus expands the control options with functions such as dimming, grouping of lamps, programming of groups and scenes, automations and much more. In addition to this wall lamp with an additional lamp head, a wall lamp from the series with room light is also offered, the C_Ball W 1L.
