### Description

The Licht im Raum Ocular Wall Lamp Glass LED Series 100 Master has a height of 45 cm and a swivelling lens with a diameter of 100 mm. Through the lens, the light is emitted homogeneously and focussed downwards. The Ocular lenses focus and control the light in a precise, glare-free manner, creating a superior quality of light. A particularly powerful LED with an output of 22.3 watts directs its light downwards through the lens, another LED with an output of 8.2 watts distributes light upwards.

The Ocular Wall Lamp Glass LED Series 100 Master is an LED wall lamp with a wall mounting made of glass. Its lamp head is made of polished stainless steel. The wall mounting is available in the colours white, anthracite, red and violet.
