

Arturo_Alvarez

Bold BO06

Technical details

Country of Manufacture	 Spain
Manufacturer	Arturo_Alvarez
Designer	La Mamba
Year of design	2023
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
Depth in cm	20
material	aluminum, opal glass
cable color	black
cable length	200 cm
dimming	not dimmable
Wattage	8 W
LED	inclusive
Luminous flux in lm	750
Color temperature in Kelvin	3,000 warm white
Shade diameter	18 cm
Dimensions	H 25 cm

Description

The Arturo Alvarez Bold BO06 is a wall lamp with a triplex opal glass. Overall, the lamp is 25 cm high and 20 cm deep. The opal glass has a diameter of 18 cm. Triplex opal glass is a semi-transparent glass that has an excellent quality due to its triple coating. The material can be used in many ways and diffuses the light homogeneously thanks to its triple coating.

The Bold BO06 is operated with an integrated LED that has a colour temperature of 3,000 Kelvin warm white. The wall lamp is connected via a plug lead.
