

Holtkoetter

Supernova DL

Struktur

- white
- aluminium
- black / brass
- white / aluminium

Technical details

Country of Manufacture	 Germany
Manufacturer	Holtkoetter
Designer	Holtkötter
Year of design	2023
Diameter in cm	49,5
material	Metall
dimming	trailing edge
Wattage	45 W
LED #	inclusive
Colour Rendering Index	>90
Luminous flux in lm	6700
Color temperature in Kelvin	2.200 - 2.900
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
canopy dimensions	42 cm
bulb exchange	on site itself
Dimensions	H 25 cm Ø 49,5 cm

Description

The Holtkötter Supernova DL LED ceiling lamp combines a powerful light output with unique optics. This lamp has a large, flat ring that fulfils a very special task. This is elegantly connected to the large, round ceiling canopy by a gentle curve, so that both elements are directly opposite each other and together create a harmonious image. The lamp can be dimmed continuously using an external trailing edge phase dimmer. When dimmed, the light colour of the integrated LEDs changes to a warmer tone (from 2,900 Kelvin warm white to 2,200 Kelvin warm white) thanks to dim-to-warm technology. The Holtkötter Supernova is available in the following surface textures: Aluminium matt, white, black/brass anodised and white/aluminium matt.
