All Bomma products are hand-made from mouth-blown lead-free crystal. Therefore any small bubbles and/or irregularities in the glass are both a proof and a characteristic feature of this traditional craft.

The Dark and Bright Star Collection is produced in two colors, simply referred to as dark and bright. The bright version is clear glass with an opaque sanded finish, the dark version is made of fully-colored glass. Thanks to the manual process of blowing, each piece is an original. Individual products may vary slightly in hue or color intensity.
