<b>Base / Portalámparas</b>	E27
<b>Alimentación (máx. Watt)</b>	100 Watt
<b>Potencia en vatios</b>	5,4 W
<b>Dimensions</b>	H 52 cm   Ø 40 cm

### Descripción

The Lightyears Caravaggio P3 is the second largest pendant lamp out of this collection. It has a diameter of 40 cm and a height of 51.6 cm. The collection was named after the baroque Italian painter Caravaggio and it is characterised by its direct downward light being dazzle-free. Furthermore an effective illumination is provided for due to an opening at the top of the Caravaggio P2. Cecilie Manz designed this light 2005.

The lampshade of the Caravaggio P3 is made of metal offered in glossy white, matt white, matt dark-grey, matt light-grey, matt black or glossy black. Lightyears has the glossy black light in two versions. It is available in one version combining a red cable with the black light body while the other version has a black cable with the black light body. The height-adjustable light is on offer with the cable being 600 cm in length.
