

IP44.DE

Lumen Down

Technical details

País de la Fabricación	 Alemania
fabricante	IP44.DE
diseñador	Kressel & Schelle
protección	IP55
Volumen de suministro	LED
entrada de tensión	230 - 240 Volt
Profundidad en cm	11
material	acero Inoxidable
superficie	acero Inoxidable
Atenuación	Regulable en el sitio con control de fase inversa
Potencia en vatios	10 W
LED	incluyendo
El flujo luminoso en lm	190
Temperatura de color en grados Kelvin	3.000 blanco cálido
tecnología	Ivylight
distribución de la luz	directamente
Dimensions	H 5 cm L 22 cm

Descripción

The IP44.de Lumen Down is a wall lamp of cuboid form. In contrast to the Lumen, it emits the light only in one direction, and this can be down- or uplight. It was created by the design team Kressel & Schelle.

The diffuser is made of opal toughened glass. Fitted is the light with the specially developed by IP44.de IvyLight LED technology. So more light efficiency is produced with less power consumption. In addition, the IvyLight LEDs were optimized so that they are more durable than other LEDs.

With a protection class of IP55, the Lumen Down is protected against splashing water and dust.
