Descripción

The Decor Walther Glow 28 N LED is a ceiling lamp with a metal frame. The lamp frame has a diameter of 28 cm and a height of 9.5 cm. It has a chromed surface. A diffuser of white matt glass distributes the light emitted downwards evenly and reduces glare. An LED with a colour temperature of 3,000 Kelvin warm white is included as a light source. The ceiling lamp can be dimmed on site with a trailing edge phase dimmer. It has protection class IP44 and is therefore also suitable as a lamp for bathrooms. The Glow 28 N LED is protected against splash water from any direction and against solid foreign bodies with a diameter of at least 1 mm.
