### Descripción

The Vistosi Aurora PP 40 can be used as a wall or ceiling lamp. Its diffuser is made of mouth-blown glass in white satin finish and has a crystal glass rim. When switched on, it creates a halo effect around the lamp on the ceiling or wall. This light has a diameter of 40 cm and a height of 12 cm. The Aurora PP 40 is available in three versions: a halogen E27 version or two LED versions. One LED version can be dimmed with a trailing edge phase dimmer, the other is 1-10 volt dimmable. The halogen E27 version can be operated with halogen lamps or LED retrofit lamps.
