Contenido del paquete	Leuchtmittel/Bulb
entrada de tensión	110 - 240 Volt
material	crista vidriol, metal
Atenuación	Regulable en el sitio
Dimensions	H 18 cm B 48 cm L 56 cm

Descripción

The Vistosi Balance PP G wall and ceiling lamp is made of mouth-blown and 3-fold coated crystal glass. The glossy white lamp shade is 18 cm high or 18 cm deep, depending on the installation on the ceiling or wall. It has a length of 56 cm and a width of 48 cm. The lamp emits its light homogeneously and glare-free into the room. The Balance PP G is offered as an E27 lamp and as two LED lamps. The E27 lamp can also be operated with replaceable LED retrofit bulbs. Both LED lamps have an integrated LED. One LED lamp can be dimmed with a trailing edge phase dimmer, the other LED lamp is 0-10 volt dimmable. Both LED lamps are supplied as standard with a colour temperature of 2,700 Kelvin extra warm white; on request, both are also available with 3,000 Kelvin warm white. The two LED lamps have a ceiling or wall bracket made of metal in matt white, the E27 lamp in glossy white.
