

Vistosi

Bolle LT P

Oberfläche

- transparente
- blanco

Technical details

País de origen	 Italia
Fabricante	Vistosi
Diseñador	Barbara Maggiolo
año	2003
Índice de protección / Protección IP	IP20
Contenido del paquete	Leuchtmittel/Bulb
entrada de tensión	110 - 240 Volt
material	crista vidriol, metal
Base / Portalámparas	G9
conectividad	en la delantera
Alimentación (máx. Watt)	60 Watt
Diamètre de l'ombre	16 cm
Dimensions	H 19 cm

Descripción

The Vistosi Bolle LT P is a table lamp with a lamp shade made of mouth-blown crystal glass. The glass is processed using the Balaton technique, in which air bubbles are enclosed into the glass. This creates a special texture which multiplies the reflections on the surface of the glass. In addition, a halo effect appears on the table on which the lamp stands. The lamp shade is available in crystal transparent and white surfaces. The lamp base is made of satin nickel-plated metal. Altogether the Bolle LT P is 19 cm high and has a lamp shade with a diameter of 16 cm. An on/off switch is integrated on the supply line. The table lamp can be operated with halogen lamps or LED retrofits.
