reemplazo de la bombilla:	en el sitio mismo
El rendimiento del sistema	4 x 1 Watt
Flujo total luminoso en lm	300
Dimensiones	H 65 + 80 + 110 + 140 cm

Descripción

The Catellani & Smith Syphasera Set 4 consists of four complete outdoor floor lamps ready for connection with all necessary accessories. The four lamps are connected with the Catellani & Smith Quick Connectors System. Only a single power connection is required for installation. All necessary plug connections are included. The set includes:

- One lamp with a height of 65 cm
- one lamp with a height of 80 cm
- one lamp with a height of 110 cm
- one lamp with a height of 140 cm
- an extension cable with a length of 500 cm
- a driver necessary for lamp operation

The heights of the lamps (65 cm to 140 cm) are indicated without ground spike. Each lamp can be fixed with its ground spike up to 25 cm into the ground. The light is emitted glare-free in all directions through the cylindrical opal glass of the lamps.

With IP44 protection, the Syphasera outdoor lights are protected against splashing water on all sides and solid foreign bodies with a diameter of 1 mm or more. Their light rods are dust-tight with IP65 protection and protected against strong jets of water from any angle. Drivers and extension cables are protected against temporary submersion with IP67 protection. The Syphasera is also offered in sets of three, five or nine complete lamps, which can be connected to a single power supply. In addition, a complete single lamp with a height of 65 cm, 80 cm, 110 cm or 140 cm is also available.
