Technical details

País de origen	 Alemania
Fabricante	Holtkötter
Diseñador	Holtkötter
año	2020
Índice de protección / Protección IP	IP20
Contenido del paquete	LED
entrada de tensión	110 - 240 Volt
Proyección en cm	38
material	metal
Ajuste de altura	altura ajustable
Atenuación	Toque atenuadores de luz en el palillo
Potencia en vatios	16,6 W
LED	incluyendo
Índice de reproducción cromática	>95
El flujo luminoso en lm	1.660
Temperatura de color en grados Kelvin	Dim to warm
Diámetro del reflector	9 cm
Dimensiones del soporte de la lámpara	25 cm
reemplazo de la bombilla:	en el fabricante / en la fabrica
Dimensions	H 120 - 150 cm

Descripción

The Holtkötter Aura S floor lamp has a metal reflector which can be aligned as desired. This allows the light to be directed exactly to where it is needed. The metal reflector is available in the colours anodised brass, black, platinum and matt aluminum. In addition, the floor lamp is offered in the following surfaces: brass anodised, black, platinum and matt aluminum. The lamp rod and lamp base always have the same surface as the upper part of the lamp head.

The Aura S from Holtkötter can be adjusted in height between 120 cm and 150 cm. The lamp is infinitely dimmable via the push button dimmer on the lamp rod. When dimming, the Dim-to-warm technology used changes the light colour of the integrated LED to a warmer tone (from 2,900 Kelvin warm white to 1,800 Kelvin extra warm white). A memory function saves the last light intensity setting and automatically adjusts it the next time the light is switched on. The Aura S glass with a mouth-blown glass is also available from the series.
